

Founded in Luxembourg, MindForest is a consulting company specialised in change management, which operates both in Luxembourg and in an international context.

MindForest puts the human factor at the centre of its consulting activities by highlighting relevant high priority factors such as commitment, values, experience, social links, communication, emotions, competencies not to mention creativity.

MindForest guides companies throughout their projects linked with organizational restructuring, improved performance, increased competitiveness and durable development, whilst still maintaining change management as the key component.

At MindForest, we believe that the development of your career is a key element in the overall success of our team. MindForest was awarded the iNDR CSR Label in 2015 and in 2018 for its CSR Commitment. We are currently seeking an enthusiastic and motivated

Senior Consultant in Organisation (m/f)

ref: ORGA-01

Your tasks:

- To analyse, formalize and optimize structures, processes, procedures and the use of IT systems
- To identify dysfunctions and performance levers
- To design tools to increase productivity and efficiency, as well as the implementation of appropriate measures
- To analyse the corporate goals and strategies in order to propose relevant solutions
- To steer projects from A to Z and accompany change
- To coordinate workshops, training sessions and organise meetings

Your profile:

- Master degree (preferably in Economics or Business management) with at least 5 years experience in the practical field of consulting, conceptual analysis, process optimisation and change management
- A good working knowledge of IT, as well as experience in planning related to IT projects
- Excellent analytical and conceptual qualities coupled with a strong interest in innovative technology
- Good communication and presentation skills
- Capacity to prioritize and work on a range of projects
- A good sense of client orientation
- Enthusiastic, with a can-do attitude and team player
- Proactive and able to work autonomously
- Fluent in French and English (ability to write and speak at a high standard)
- German and Luxembourgish would be an advantage
- Certification in project management is an asset
